"Reliable, Fair and Impartial: Revenue Appellate Tribunal"

Strategic Action Area, Strategic Objectives and Strategic Initiatives of the Revenue Appellate Tribunal (2023)

Foreword by the Chairperson of the Revenue Appellate Tribunal

The Strategic Action Plan from 2020–2021 financial year to 2021–2022 financial year was developed and carried out in support of taxpayers and respective government departments or organizations related to taxes operating in the economic development sectors that are being built by the State with great effort. I am very pleased and satisfied with the development of the second Strategic Action Plan to be implemented successfully.

In the implementation of the first Strategic Action Plan, it is found that there are Strategic Initiatives that are completely achieved and the previous action lines that are in hand and still remain to be implemented. Thus, this Strategic Action Plan is developed including the specific action lines which can effectively be implemented based on a wide range of possibilities with a view to providing better and effective services for the interest of the State and people.

As a State, political, economic and social objectives are set and being implemented, and foreign investments are being invited for the economic development of the entire ethnic people, and efforts are being made to stabilize market-oriented economic system. In accordance with the tax policy of the Union Government, which is to make efforts to fully collect the taxes for the expenditures of the State that will ensure the State and people benefit from it, government departments that are responsible for the collection of taxes are undertaking tax reforms for the fully improvement of tax collection.

As an attempt is being made to increase revenue for the State, it is necessary for taxpayers to have equal rights and rights of justice in the collection of taxes payable under law. The Revenue Appellate Tribunal plays a crucial role in ensuring that

transparency, rights of defence and appeal which are primary rights of citizens and taxpayers are fully granted in accordance with law. Therefore, I would like to urge the Revenue Appellate Tribunal and the Office of the Tribunal to implement the action lines of this Strategic Plan fully granting the rights of taxpayers under law and the interest of the State and people in an efficient manner in line with the Slogan of "Reliable, Fair and Impartial: Revenue Appellate Tribunal".

I gratefully acknowledge to all Tribunal members and staff of the Revenue Appellate Tribunal who have moved heaven and earth for the development of this Strategic Plan in a short time. I would also like to add that every action line of the Strategic Action Plan that reflects as a roadmap in reaching to our goal will be carried out as developing the Strategic Action Plan is inscribed as a milestone of our Revenue Appellate Tribunal and the Office of the Tribunal.

I would like to insist that the Revenue Appellate Tribunal and every service personnel from all levels of the Office of the Tribunal make your collective efforts in the implementation of the Strategic Action Plan as the Revenue Appellate Tribunal has to make continuous efforts to sustain the integrity and reputation of the Tribunal and to ensure greater transparency and promoting a tax culture..
